

Workflow for sIRBs Using IREx

- Prior to creating a study in IREx*
- Create your sIRB Infrastructure**
- Establish sIRB request process
 - Determine required Reliance-related Agreements
 - Determine consent form process
 - Establish PSite submission process

- Use IREx to:**
- ✓ Document reliance / cede decisions
 - ✓ Capture study-specific local consideration
 - ✓ Notify sites of approvals
 - ✓ Provide access to site-specific approval documents

KEY	
HRPP	Human Research Protection Program
ICF	Informed Consent Form
PSite	Participating Site / Relying Institution
	Actions taken in IREx
