Dear Study Manager,

You have been given access, as an IREx Study Manager, to the study below in IREx. If this is your first study on this platform, a separate email was also sent with your login information.

Study Title 20200320 3rd ones a charm
Reviewing IRB Mellon University Medical Center
Study Link <https://victtest.irbchoice.org/wimbere/irex/public/study/index/?proj=152006>

Your Next Steps

Please discuss your role with the Reviewing IRB before completing these steps.

You have the following abilities in IREx. You can also visit the [resources page](#) for detailed instructions on these steps:

- Designate the Participating Sites and site PIs in IREx.**
Please login and enter the participating sites and their corresponding study PIs to help the Human Research Protection Program (HRPP)/IRB Liaisons check on the status of the study at their sites.
- IREx notifies the participating site HRPPs of the study.**
After you send the study start up packet (protocol, consent templates, regulatory documents, etc) to your participating site study teams, click the "Notify HRPP" button in IREx to notify the participating site HRPPs/IRBs about the study. The HRPP/IRB will confirm their institution's engagement in research, begin the cede review process, and provide the study team with access to IREx when appropriate. Generally, a local submission is required before the HRPP/IRB will begin completing their steps in IREx.

IMPORTANT: Participating site study teams should receive the study start-up packets BEFORE IREx notifies their HRPP/IRB about the study. Study teams need these materials to begin preparing their local IRB submission. IREx is not used to disseminate the study start up materials as study teams can not get access until their local HRPP/IRB receives a local submission.

- Use IREx to track site progress towards reliance and initial IRB approval.**
You will receive notifications from IREx as sites complete the required steps.

If you have questions about using IREx, you can email us your questions (admin@irbexchange.org) or request additional training.

*Thank you for using IREx,
The IREx Team*

5:00 PM

Dear Liaison(s) and Study Investigator,

Jefferson University (FWA:) has been listed as a participating site in IREx for the following study:

Title	20200320 3rd ones a charm
Reviewing IRB	Mellon University Medical Center
Local Investigator	Carnegie PI

What do I do with this email?

Study PI

Many HRPPs require a local submission to initiate the single IRB (sIRB) process at their institution. Reach out to your Human Research Protection Program (HRPP)/IRB Liaisons on this email to find out what you need to do to initiate the sIRB process at your site.

YOU CANNOT ACCESS THE STUDY IN IREX YET.

You receive access to the study in IREx after your HRPP logs in to confirm your site is participating and lists you on the study.

HRPP Liaisons

- 1) **NEW: Make sure your FWA is captured correctly in IREx!**
[Login to IREx](#) to verify whether your site is engaged for this study and identified correctly. This may require contacting your local PI if they have not submitted the study for review. On the Study Registration Pop-up in IREx you can now:
 - a. **Correct the information** if your site is engaged, but the incorrect FWA or PI is listed.
 - b. **Indicate your site is not engaged**, if applicable. You will no longer receive email notifications about the study.
 - c. **Add other FWAs** thought to be engaged. The Liaison(s) at these sites will be notified about the study.
- 2) If you have not received a submission from the local investigator, consider reaching out to let him/her know how they can initiate reliance at your institution.
- 3) Use the Getting Started checklist on the IREx study page to walk you through ceding review and any other required steps.

Need Help?

Access the user quick guides and other materials from the [IREx Participating Site HRPP Resources](#) and [IREx Participating Study Teams Resources](#).

IREx Update: New Local Considerations Complete

IRExAdministrator

To IRExAdministrator

5:09 PM

Carnegie University Medical Center has completed the local considerations and all steps in their Getting Started checklist for the study below.

Study Title: 20200320 3rd ones a charm

Relying Site: Carnegie University Medical Center

Reviewing IRB Liaisons: IREx HRPP (irextestinghrpp@gmail.com)

Next Steps

1. PRE-SCREEN LOCAL CONSIDERATIONS

a. Pre-screen the HRP and PI surveys and the consent form, if applicable, for completion (e.g., is any information missing from the consent form sections; does the language provided read properly). Consent forms are uploaded to the HRP survey.

b. If changes or clarifications are needed, the HRPP liaison at the site can make the changes to the PI survey and HRP survey. Reach out to the local study team who can work with their HRPP to make changes, as needed.

2. EXPORT LOCAL CONSIDERATIONS FROM IREx

After receiving this email, please allow up to ten minutes for the Export feature to be available for download. Click "Export Data" button and select "Export Local Considerations" to download the local considerations for this site and submit all files to the Reviewing IRB for review, as instructed by the Reviewing IRB. These files will be included in the export:

a. HRP Survey responses (PDF)

b. PI Survey responses (PDF)

c. Institutional Profile (PDF)

d. Site-specific consent forms, if applicable for this study.

e. Other documents that are uploaded to the HRP or PI Surveys and the Institutional Profile. The survey type will be included in the file name (e.g., [Institutional Profile]_filename)

3. SUBMIT THE SITE TO THE SIRB FOR REVIEW

If you have questions about how to submit to the Reviewing IRB, contact one of the Reviewing IRB liaisons listed below.

a. IREx HRPP (irextestinghrpp@gmail.com)

Thank you,

IREx Administrator

IREx: Site Updated Local Considerations Response

IRBExchangeAdministrator

To IRBExchangeAdministrator

Can be for the PI or HRP Survey

Dear Coordinating Center / Lead Study Team,

University of Kentucky has modified their responses to the **Local PI Survey** on the following study:

20200414 Asri Combo Carnegie sirb

Survey response changes are noted below.

Survey Field	Previous Response	Updated Response
Site Investigator's Phone	555-555-5555	555-555-6666
Please review the planned list of personnel who will be engaged in human subjects research and indicate whether COI applies:	I have verified there are no financial interests to disclose	I have verified any relevant interests have been disclosed per my institutional policy and managed, as applicable
RECRUITMENT PLAN: Are there any differences to the initial contact and/or recruitment plan at your site from that described in the protocol or associated documents based on local requirements or state law?	No	Yes

If this information has already been submitted to the Reviewing IRB for review, please be sure to communicate these changes to the Reviewing IRB for this site.

Note: the completed surveys are now viewable on the Status Summary tab in IREx; however, **please allow up to ten minutes for the Export feature to be available for download.**
